# Welcome

## Hello everyone and welcome.

**The Jersey Motorcycle and Light Car Club welcomes you to the Roberts Garages Jersey Rally 2024.**

We are looking forward to greeting old and new friends – be they competitors or volunteers to Jersey in October this year for our two day event. We are planning 26 stages totalling just under 100 miles and road mileage of 112 miles and look forward to great competition at all levels.

This is the first year when we are contributing to the JMC&LCC Environmental Fund which will be donated to Trees for Life Jersey and used for replanting along the Railway Walk, particularly important to all Islanders following Storm Ciaran. Each entry fee includes an individual contribution and we look forward to announcing the total raised in due course.

Apart from the event cancelled due to Covid-19, the Jersey Rally has been an ever-present fixture on the Island's sporting calendar. It represents, arguably, the largest annual sporting event involving over 400 officials, marshals, radio operators, timekeepers and other support staff, around 300 crew and service teams and, of course, the Jersey Rally Committee. Add to that the hundreds of spectators who come out rain or shine and it is truly a community event.

The Jersey Motorcycle and Light Car Club is grateful for the support, hard work and commitment from everyone on the Committee, and beyond, who are helping make this year's event as successful as ever.

Many Club members have been engaged in the annual ritual of door knocking along proposed stages. This is an essential part of organising the Rally and one we are required to complete by our regulator, Motorsport UK. It is both hard work and rewarding for our Club as it highlights the lengths we go to, ensuring that those effected by our event are communicated with appropriately well in advance of the event. We have also worked closely with our partner, Digimaps, who provide a seamless service for our data management and mapping. Thank you to all those who have been working hard to get this done this year, we very much appreciate it.

The event will take place on Friday 11th and Saturday 12th October, with eight stage locations around the Island. Friday's ceremonial start is one again in St Helier, near La Fregate – thanks to the Jersey Development Company. Service is, once again, at the Royal Jersey Agricultural and Horticultural Society's show ground in Trinity, and we are very grateful for their continued support of our Rally.

In addition, a big thank you must also go to the Parishes, residents, businesses and Government of Jersey for all the help they provide to make the rally the event that it is.

Finally, a huge thank you to our sponsors. We are delighted that Roberts Garages MFG have shown a continued commitment to the Jersey Rally as Lead Sponsor. Without their support, and that of our individual stage sponsors – Elite DPF (C.I.), Sign Solutions, Express Auto Parts, Smart Scaffolding, Romerils, SGB Hire and Trust Ford Jersey, the Roberts Garages MFG Jersey Rally would be a much harder and more costly event to run.

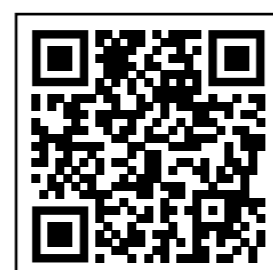

The Roberts Garages MFG Jersey Rally is a huge event, not only for the local community, but also for the JMC&LCC. The organising Committee very much looks forward to this year's Rally being as successful and entertaining as the previous 40 years and hope to see you enjoying yourselves whatever role you have.

*The Jersey Rally Committee.*

## Win £150 of FREE Fuel from Roberts Garages

Simply tell us how many petrol pumps you find throughout this supplement and enter at [jerseyrally.com/competition](http://jerseyrally.com/competition)

Closing Date for entries is Friday 18th October 2024.  
Winner will be notified by email.

Not including this one!

## A Sponsor's Welcome From Roberts Garages

Now in our 8th year of sponsoring one of the most prestigious motoring events in the Channel Islands, Roberts Garages and its parent company, the Motor Fuel Group, remains as proud and as passionate about being lead sponsor as we were when we first signed up to headline this much-loved annual sporting occasion.

Once again, the Roberts Garages Jersey Rally has attracted the maximum number of entries, from across the Channel Islands, as well as further afield. This certainly adds to the amazing atmosphere, friendly competition, and brings with it a range of powerful cars to look out for. As always, I am confident that the excitement of the rally will be thoroughly enjoyed by both participants and spectators alike. Indeed, with the growing number of spectators each year, it is reassuring for Roberts as lead sponsor, to see first-hand, that our investment in the event is benefitting so many islanders. For those who have not attended the Roberts Garages Jersey Rally before, I would encourage you to come along and see what the buzz is all about.

You will not be disappointed. In fact, you never know, you may get the bug and find yourself competing one day. So, pencil it in your diary, and pick out your spot to watch this thrilling event from.

Having been involved with the rally for a number of years now, I am fully aware of the hard work, dedication and professionalism that goes into organising the Roberts Garages Jersey Rally. Each year all those who give up their time to organise the event somehow manage to surpass themselves in what they deliver. For which Roberts are truly grateful. So, I would like to offer my sincere thanks to this exceptional team for their incredible efforts and commitment. I have no doubt they will do Roberts proud once again this year.

I would also like to thank each of the island's parishes for their support and for their approval to use their roads. Similarly, I would like to recognise and give my thanks to the householders located on this year's stages for their understanding and I do hope they will take the opportunity to enjoy the spectacle, as much as we do.

As always, I would like to finish by taking this opportunity to offer all the competitors a safe, enjoyable, and successful rally and welcome all the spectators to what I am sure will be another thrilling experience.

**Ricky Davey**  
Group Executive Director  
Roberts Garages Group

# Did You Know?

The JMC&LCC organised the first Rally in December 1935 with 12 skilled driving tests – the winner was D Woods in a 10bhp Ford.

Closed road rallying commenced in 1977 with two events – with the Jersey Rally commencing in 1983.

32 cars started in 1983 and just over 90 will start in 2024, the maximum number achievable to the time schedule.

English & Welsh winners can claim 25 Jersey Rallies; Jersey claims 14, plus two combined teams of English drivers and Jersey codrivers. We have yet to see a winning team from Guernsey!

“Smallest” car to win was the giant killing 1600cc Sunbeam of Stuart & Theresa Fossey in 2005.

RWD cars won from 1983 – taking 23 victories, whilst 4WD cars have won 17 times. First FWD on the top step of the podium was the Peugeot Maxi of Chris West & Robbie Hannah (2019).

Women in motorsport – well just 3 ladies have stood on the top step of the podium but there’s always a strong representation, with some great lady drivers visiting Jersey such as world level Barbara Armstrong (Suzuki works team), and TV presenter Louise Goodman.

Celebrity drivers have drawn the crowds over the years including Jersey’s own F1 driver, Derek Warwick, former Le Mans & endurance champion – Derek Bell, British rallying legend – Tony Pond, and British rally champion – Jimmy McRae.

World level codriver Nicky Grist (who had partnered the famous Colin McRae) also enjoyed success with a win in the Subaru S12 of Peter Lloyd in 2009. He said that the Jersey event was as challenging as a world rally championship round!

Record for most wins – Simon Mauger & Brian Cammack from Oxfordshire (6); local driver David Carrel set his mark on the event from 1984 to 1988. Jerseyman Chris Le Bonniec has 4 wins to his credit as does English driver Steve Hendy.

The 2024 Roberts Garages MFG Jersey Rally features several former winners – James Labey & Rob Hannah (2023); Ross Le Noa & Domonic Volante (2018, 2021); Jeremy Baudains (1992 winner), Stevie Leonard & Sion Humphreys (2013, 2015, 2017).

Charitable partnerships have been key since the Rally started – Family Nursing & Homecare were the partner for many years with funds raised and equipment purchased. This year MacMillan Jersey and the Jersey Brain Tumour Charity will lead awareness and fundraising campaigns.

Project Mobility – a charity for injured servicemen – visited Jersey and entered 3 LandRovers in the 2012 event – an unusual choice of vehicle for closed road rallying! They won “Spirit of the Rally”.

The most unusual rally car to visit Jersey? – the Aston Martin of David Appleby.

In 2011 the event moved to central HQ and servicing at the RJA&HS in order to reduce fuel demands considerably and give a key hub to the event.

JMC&LCC members have visited over 2,300 properties and land to ensure awareness of the route ahead of the planning meetings with the relevant authorities to obtain consent for this year’s event.

Keith Pinel has competed in every Jersey Rally since inception – this year in a 2 litre Lotus Sunbeam with son Matt Pinel. In 1983 he was driving an early 1598cc Ford Escort.

## JMC&LCC Environmental Fund

The Jersey Motorcycle and Light Car Club has a proud history of over 100 years. During this time, we have provided sport, fun and enjoyment to thousands of club members, supporters and spectators. The Club rightly recognises that with this enjoyment comes a significant responsibility. We understand the impact that our sport has on our local environment. Over the years, our members and supporters have worked hard to ensure that the areas of land we are permitted to use are managed in an appropriate and sensitive manner.

The challenges of climate change impact upon us all with a responsibility to minimise our negative impact on our land and environment. At the Club’s AGM in November last year, we overwhelmingly supported a proposition to implement an environmental fund. At each of our events competitors contribute to our environmental fund. We are pleased to announce that we are supporting a local initiative with Trees For Life Jersey. The Club has been keen to identify a locally based environmental cause which directly improves our island’s natural environment. The impact of Storm Ciaran last November was a reminder to us all just how fragile our environment is. We are pleased to be able to support the work of Trees for Life in a specific way as follows.

“All the money raised from the Roberts Garages MFG Jersey Rally this year will go towards replanting the Railway Walk from La Corbiere to St Aubin. We will be planting a wide range of trees including maritime pine, English oak, hazel, wild cherry, tamarisk, silver birch and walnut, creating a beautiful linear woodland for the whole island to enjoy.” *(Statement made by Trees for Life)*

## Safety Message

**Please take care when watching live rally stages.**

Spectators should be aware that all Motorsport can be dangerous and, despite organisers taking reasonable precautions, unavoidable accidents can happen. Therefore you attend the 2024 Jersey Rally at your own risk. For your own safety and that of others please:

Obey all the instructions of safety marshals, spectator marshals and police officers (both Honorary and States Police). These instructions are for YOUR Safety. If you do not follow these instructions then the organisers may have to cancel or delay a stage.

Observe the colour coded tape and all signage:

- o RED AND WHITE tape means a PROHIBITED AREA – a no-go location for everyone
- o BLACK AND YELLOW may be used for spectator areas – if it's in use, please stay within the marked area

**Use the natural environment to protect yourself**

**Do not walk on the rally stage (the road or lane) – once the road is closed it is imperative that everyone stays off this live area**

**Stay standing please and remain alert**

**Always keep your own safety in mind**

**Observe and obey all event signs**

**Do not enter any prohibited areas**

**Expect the unexpected**

Please remember that on a rally:

- Cars may run wide on corners
- Cars may cut corners
- Cars may throw up stones
- Cars may overshoot junctions
- Cars may leave the road
- More than one car may have an incident in the same area

Please park considerately without blocking the lanes or any entrances and ensure that you have permission if you are spectating on private land.

To assist you in planning your spectating, all the stage maps will be available prior to the event in the 2024 Jersey Rally Brochure – found below the "Jersey Rally 2024" tab on [jerseyrally.com](http://jerseyrally.com)

*Above all, have fun but please keep safe!*
