Welcome Message for the 2025 Roberts Garages Jersey Rally Programme - Celebrating the Spirit of Rallying

Welcome to the 2025 **Roberts Garages** Jersey Rally! We're delighted to greet competitors, volunteers, and fans for another year of exhilarating motorsport on our beautiful island. Jersey's stunning roads, enthusiastic communities, and long rallying history make this event a highlight on the motorsport calendar. This year, with the ongoing support of Roberts Garages, we look forward to thrilling stages, passionate crowds, and memories that will last a lifetime.

Whether you're racing, helping, or cheering from the sidelines, the rally brings us together. Your excitement, teamwork, and respect create the wonderful spirit of this event.

For the many islanders and visitors who enjoy the spectacle of the rally, we ask that you take note of all the safety advice and follow it. Signage will be on all of the stages to instruct you on how to stay safe and spectator marshals and safety officials will be in specific areas to ensure you can watch the action as safely as possible. Please follow their instructions at all times.

We have a full entry list again this year with around half the entries from within our club. Once again, we are welcoming many UK and Guernsey competitors back along with some new faces. There's the usual mix of cars which should appeal to all of you who come out to watch.

Keep an eye out for Jerseyman Sam Touzel in his Ford Fiesta Rally 2. Sam and his co-driver, Max Freeman, have achieved great success this year culminating in victory in the Protyre Motorsport UK Asphalt Rally Championship. This is a prestigious series and the pinnacle of British amateur rallying. As a club, we are extremely proud of Sam's achievements throughout 2025.

As a club with a proud history of over 100 years, the Jersey Motorcycle and Light Car Club organises over 60 motorsport events a year. The Roberts Garages Jersey Rally is one of them. Work starts each year shortly after the last of the barrier tape is cleared away from the previous event. We are hugely indebted to the army of volunteers who give up a massive amount of time to put this event together. Please spare a thought for them, whether they be the rally committee, safety planners, timekeepers, radio crews, set-up crews, stage commanders, clear-up crews, Rally HQ and officials, marshals or safety car crews – the list is massive. Without them, this simply could not happen.

In addition, we are hugely grateful to **Roberts Garages** and our stage sponsors for their continued support. Their help is vital to the success of the rally.

We would also like to thank a local company whose ongoing help behind the scenes is so important. Digimap provide a digital mapping platform which allows us to manage our PR visits, stage designs, permit applications and full stage planning. The product and support we get from the team at Digimap is a massive help and vital in this modern age.

Win £150 of FREE Fuel from Roberts Garages

Simply tell us how many Fuel Pumps you find throughout this Programme not including the one adjacent and enter at jerseyrally.com/competition or scan the QR Code.

Closing Date for entries is Friday 17th October 2025
Winner will be notified by email.

Sponsors Welcome From Roberts Garages

On behalf of Roberts Garages and its parent company, MFG, it is my great pleasure to welcome you all to this year's Jersey Rally.

We are especially proud to mark our 9th consecutive year as sponsor of this remarkable event - a milestone that highlights our enduring passion and our commitment to supporting the well organised team that makes it possible. Indeed, we are very proud of the valuable relationship we have built with Jersey's motoring community, whose enthusiasm, dedication and spirit are at the very heart of this event.

Going from strength to strength, the Roberts Garages Jersey Rally has become one of Jersey's most exciting sporting fixtures, bringing together talented drivers, dedicated teams, and enthusiastic fans, all sharing in the thrill of competition and camaraderie. It is more than a race—it is a celebration of skill, determination, and teamwork, values that we at Roberts Garages hold dear.

This rally could not happen without the generous cooperation of so many. We extend a sincere thank you to the Island's parishes who make their roads available for the stages, and to the householders along the route for their patience, goodwill, and

understanding as the rally comes to their doorsteps. Your support is invaluable, and we are deeply grateful.

We also applaud the organisers, marshals, and volunteers whose tireless work ensures the safety and success of the rally, and we commend the competitors who test their limits on the course.

Here's to a thrilling rally, memorable moments, and another safe and successful competition!

A detailed map of the Waterworks area in Jersey. A blue line traces a route through the landscape, connecting numbered junctions 1 through 9. The route starts near Jersey, passes through St John's P., and ends near St John's P. The map includes various roads such as C118, C119, C18, and C17. Other landmarks like Jersey, St John's P., and St John's P. are labeled. The map also shows a river, St John's P., and a park, Former Lion Park.

Safety Message

Please take care when watching live rally stages

With all of the planning that goes into making the Roberts Garages Jersey Rally happen each year, a major part of this involves ensuring the safety of everyone taking part. This includes those competing, officiating, marshalling or helping. Above all, it involves you, the spectator. Whilst we want you to have a fantastic experience and to enjoy watching the rally, we want you to do so safely. Motorsport can be dangerous, that is a fact. So please follow the rules, they are there to keep you all as safe as possible.

- Respect the tape and signage
- Keep children and pets under control
- Be Alert! Always expect the unexpected
- Remember that in an accident anything can happen
- Don't sit when watching or waiting
- Always follow the instructions of the safety marshals or other officials

Acknowledgements

I have already mentioned many of the groups of people who donate their time and effort to making the Roberts Garages Jersey Rally the success it is. We also have our sponsors who provide valuable support to help showcase arguably the Island's largest competitive motorsport event.

But there are some others who are deserving of thanks; the people and organisations who are less visible. I would like to thank the Parishes and Connetables who provide permission for the road closures which allow the event to take place. Also, the Minister for Infrastructure and the teams in his department whose work to process our applications is most helpful. To the many hundreds of islanders who live along the affected routes who every couple of years get a visit from our PR team, we are grateful for your continued support, even if the rally is not your cup of tea.

Finally, I would like to thank the wonderful men and women at Normandy Rescue and St. John's Ambulance Service. These are a hugely dedicated group of people whose passion to help those in need should the worst happen is humbling and worthy of recognition. It is true that the rally could not happen without everyone who helps, but we really could not compete without them. We sincerely hope that we never need to call on them, but when we do, we know we could not be in safer hands. Thank you.

Environment Fund

For the last two years the Jersey Motorcycle and Light Car club has developed a scheme linked to competing in motorsport events. Each competitor, as part of their entry fee, makes a contribution to our environmental fund. We have raised several thousand pounds as a result and have partnered with Trees for Life – a local organisation whose aims are “to plant, protect and nurture trees while educating and inspiring our community about their environmental and social importance.”

This year, the Jersey Rally will once again make a significant contribution to this fund. In addition, we are working with other partners to help them achieve their environmental goals sustainably.
